

Australia Awards for Master level study in Australia

The Australian Agency for International Development (AusAID) is pleased to invite applications for the 2014 intake of the Australia Awards for study at Masters level in Australia. These awards include Australia Awards Scholarships and Australia Pakistan Agriculture Scholarships. Applicants who can demonstrate potential to have an impact on development in Pakistan will be considered for the additional prestigious Leadership Program.

The Australia Awards align with Australia's development assistance program in Pakistan, targeting human resource gaps in identified priority sectors and provinces. The overarching goals of the Awards are to develop capacity and leadership skills of individuals so that they can contribute to development in their country or region and build people-to-people links at the individual, institutional and country levels. To achieve these goals AusAID requires scholars to return home for two years after they have completed their studies and expects that they will participate in Australia Awards Alumni activities.

The Australia Awards cover full cost of travel to and from Australia, tuition fees and a living allowance for the duration of the academic course.
